

Abbie

Hello? Is this really you?

It depends, who do you think I am?

An online forum told me to text this number and the spirit I wanted to contact for advice would respond

If this is true, is it really you? Are you my sister?

Hi Annie-bee💕💕

It's really you?! Hi Abbie-bug, I miss you so much💕💕

So much has happened since you left. I need you

I'm right here Annie, you can reach me anytime now💕

Hi, sorry there was so static on this end but I'm back now!

I'm here and it's really me Annie-bee, I promise

Omg I miss you so much. Our room just isn't the same without you

Mom and dad are treating me like I'm fragile and it's so hard to keep pretending to be okay for them

You don't always have to be strong, in here now💕💕

Can we FaceTime or talk at some point?

I can't FaceTime but we can start leaving voice messages! Give me a little and I'll try and figure out how

Okay, I'll talk to you later, I have to go back to class now 😭

I'm sorry I haven't been texting you, do you remember little Callie Westbrook from preschool? It was her big 16th bday party last night so I didn't have too much time to text you

It was so fun! Look at the car she got for her bday from her parents, it's BRAND NEW ✨

It's beautiful 😍

How is Callie?! We haven't seen her in what, 7 years?

She's good!! And wow, how do you even remember that, I can't even recall that!

It's my superb memory as the older sis 🧑🏻

Gah I miss you and that sarcasm 😂

Speaking of Callie, we haven't seen Derek in awhile either! I'm going to have to text him back, he's been wanting to meet for coffee since your wake. It's just too much though you know?

Annie, you need to move on. It's okay to date and start spending time with other people, I'll always be here, but you need to live for the both of us now

I just don't know if I can Abbie 😞

Remember when we had little guppy and we had to hold a little funeral for him over the toilet and we flushed him?

Yeah? What's your point Annie

I guess I just mean that I suck at moving on

Yeah that's true, you never have loved our new fish...what's his name again??...quite as much

Dahhh his name is Pickles!!
